

**REMARKS**

**STATUS OF THE CLAIMS:**

Claims 1-19 have been pending.

Claims 1, 2, 11-16 and 19 are rejected.

Claims 3-10, 17 and 18 are allowed.

In accordance with the foregoing, claims 1, 2, 11, 12, 15, 16 and 19 are cancelled without prejudice and claims 13-14 are amended; thus, the pending claims remain for reconsideration, which is respectfully requested.

No new matter has been added and accordingly, entry and approval of the amended claims 13-14 is respectfully requested

The Examiner's rejections are respectfully traversed.

**ITEM 3: CLAIM REJECTIONS UNDER 35 USC §101**

Claims 13-14 are rejected under 35 USC 101 because, allegedly, "the claimed invention is directed to non-statutory subject matter. 'A computer program' in the respective first lines of claims 12-15 is asserted to be insufficient to render the claims tangibly embodied in a manner so as to be executable."

In accordance with the foregoing, claims 13-14 are amended taking into consideration the Examiner's comments. Applicants respectfully submit that claims 13-14 comply with the requirements of 35 U.S.C. § 101. Accordingly, withdrawal of the claim rejections is respectfully requested.

**ITEM 8: ALLOWABLE SUBJECT MATTER**

The Office Action indicates that claims 3-10 and 17-18 are allowed. Furthermore, the Office Action fails to reject claims 13-14 over any prior art. In accordance with the foregoing, the 35 U.S.C. § 101 rejection of claims 13 and 14 is traversed, therefore applicants respectfully submit that claims 13 and 14 also contain allowable subject matter.

**CONCLUSION**

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.
